## RUTKA

### ASL Interpreted by Inclusive Communication Services

Join us for an exclusive event hosted by the producers of the new musical RUTKA, a contemporary rock musical based on the internationally acclaimed book *Rutka's Notebook*. Rutka's diary, written by 14-year-old Rutka Laskier during a three-month period in 1943 while living in the Jewish Ghetto in Bedzin, Poland, remained hidden for 63 years until it was published in 2006.

This event also includes a Q & A with the producers of the show and a post event reception with light refreshments.
